

Success Center Services Offered

Emergency Services

Wayne CAP Success Center provides an emergency food pantry, goal-oriented assistance, and offers clothing, furniture, and household items to those in need.

As true agents of community change, Wayne CAP Success Center is focused on promoting self-sufficiency and long-term sustainable lifestyles. Patrons accessing the numerous services are thus required to fill out an intake sheet. Including but not limited to: proof of income and address for all individuals living in the household. This data allows the dedicated staff to make appropriate referrals to partnering agencies, ensuring the highest level of assistance is provided to each client and helps provide information to grants to receive funding that will keep the Success Center operational.

Clothing, Supplies & Furniture Closet

Wayne CAP Success Center accepts donations of gently used clothing, household supplies and furniture throughout the year.

If you are in need of a particular item, please call us for assistance. If we do not have your item available at the time, we will place you on a waiting list to be contacted if the item is received.

Please remember: If you are replacing gently used clothing, household items or furniture, please contact us to DONATE.

Job and Housing Search Assistance

The Success Center offers assistance in locating employment and/or housing to our community residents.

Case Management

Every patron that receives our services is also encouraged to participate in case management referral services. Clients will be referred to an advocate within our agency who can assist in determining what services are needed and make the proper referrals.

Nutrition Education

The Success Center partners with Cornell Cooperative Extension and Foodlink to provide nutrition education classes.
