

Our Mission

Safety. Comfort. Independence.

Older Adults Safe and Sound (OASAS) seeks to make home modifications that meet the needs of low-income elderly homeowners. OASAS enables eligible clients to remain in their homes through high-impact home modifications, such as temporary ramps, shower grab bars, increased lighting, and repairing uneven floors. These changes reduce your risk of falling, improve general safety, increase accessibility, and improve your functional abilities.

With the help of OASAS, you can maintain independence and continue to age comfortably in place.

About Us

Finger Lakes community Action is a not-for-profit organization that has dedicated more than 55 years to “helping people and changing lives” in Wayne County, NY. FLCA provides various services specifically to and for older adults, including the Foster Grandparent Program, the Retired and Senior Volunteer Program, and the CDC certified national Diabetes Prevention Program. We are excited to add OASAS to the list of programs created to serve you.

Our Clients

To qualify for OASAS, you must be 62+, income eligible, and own your home in Wayne, Ontario, or Cayuga counties.

Process

1. Call to be added to the OASAS waitlist.
2. The Program Manager will call to determine eligibility and conduct an over-the-phone needs assessment. They will then schedule an in-home assessment.
3. A licensed Occupational Therapist will conduct an in-home needs assessment.
4. The Occupational Therapist will work with Construction Manager to develop a work scope that is unique to you and your home.
5. The work scope will be discussed with you and work will be scheduled.
6. Modifications will be made, at no cost to you.
7. You will be enrolled in A Matter of Balance, an evidence-based fall prevention program.
